Office of the Registrar - Thomas College

Application for a Double Major

To graduate from Thomas College with a double major, a student must complete all course requirements of both majors. Students may be required to complete more than the 121 credit hours normally required for a bachelor's degree and may need to take additional semesters to complete degree requirements. Students in the Kiest Morgan Accelerated Three-Year program may not be able to complete a double major in three years.

Core courses would apply to both majors. Where a specific course is required in one major and a professional elective, liberal arts elective, or a general elective is required in the other major, the course will apply to both majors. The student receives one diploma, but both majors are indicated on the student's transcript.

Name:_____
(First) (M.I.) (Last)

Student ID No.:_____ Class standing:_____

Current major: _____

Desired second major:_____

Adviser Signature: _____ Date: _____

Student Signature: _____ Date:_____
