Why Criminal Justice (Forensics) at Thomas College?

Do you love hands-on learning? The forensics concentration in the Criminal Justice program teaches students the skills necessary to preserve at the crime scene, evaluate evidence in the laboratory and testify as an expert witness. Get an inside look into what happens from a crime scene to the lab and to the court – with mock simulations of crime scene processing and evidence evaluations, learning how to write search warrants.

Students will learn up-to-date and current best practices and will be able to articulate the strengths and weaknesses of different evidence types.

"I have grown a lot in my time at Thomas; my communication skills have improved a lot since I was always an introverted person in High School, but Thomas helped me "come out of my shell" and become a more vibrant person. I have also grown more professional from high school to now, working on my professional attire, communications skills, and thought process when it comes to taking in a professional environment."
