

Thomas Partner Highlight: MMA: Personal Touch

We chose to enter into a partnership with Thomas College because Thomas is well-known across the state for high-quality, affordable, flexible graduate programs and graduate education and it doesn't hurt that they're just 20 minutes up the road from us.

The other thing that I found throughout our partnership so far is that the staff at Thomas are really, really responsive; both to our employees and to our members when it comes to having conversations with them about their programs and helping them to explore the different options that are available through Thomas' programs.

I've also found that that they're really enthusiastic about providing a personal touch and making sure that the programs at Thomas are actually going to be the best fit for the employees goals and that they're going to be able to accommodate those programs into their work life balance.
