

## Residence Halls: Hinman Hall

[Music]

Hello. I'm Jim and we're going to go on a tour of our Hinman Residence Hall. This is our newest residence hall on campus. It is for our first-year students coming in to campus and in this hall, you'll find double rooms, and every floor is separated into pod-style living. So, there will be a male and a female pod on each floor.

And within that floor there're bathrooms for the students and then we have laundry that is shared in the common space on the lowest level. There are multiple lounges on each floor and there's common space on the entry level floor that all students get to share, as well as a computer lab.
